

Another one of those princess gowns with long rows of hooks down the back has been figuring in the social whirl, and it has been suggested that a polite and attentive ladies' maid might find a good paying job at Salt Lake almost any bathing hour "putting the hooks in." A handsome young member of the governor's staff was the hero who responded to a distress signal recently and, being a gentle married man, he rose to the occasion and did the necessary fastening. Otherwise the fair friend might have been kept a prisoner in her bath room for an indefinite period.

One sometimes wonders who reads the sarcastic jokes about the weather, the chewing gum habit, the end-scant man, the woman and the street car and a host of others. Certain it is that the people aimed at never see them. The fellow who asks the "same old question every warm day in the year" seems to think he's being funny; the girl with the big wad of gum and the cheap perfume never knows she's the one you read about; the woman trying to get off the car the wrong way forgets she's a joke, and so it goes on. Sometimes it would seem that even the funny man would become discouraged.

The social game continues despite the warm weather, the week just opening having a long list of minor events scheduled, besides the few major ones which are planned. The week opens with the large reception at the post tomorrow evening for Colonel and Mrs. Benjamin Lockwood, the much-loved "K. O. and the K. O. lady" for the past few years at the garrison. The affair will doubtless be a brilliant one, but it will be a sad one, too, for the military people and their friends. Never has the old fort held a more congenial crowd of people than those of the Twenty-ninth, and never have the townspeople been more loath to part with a military set.

The spectacle witnessed a week or so ago of a wagonload of soldiers being rushed westward on Second South street, led to a wild rumor that war had really broken out, and that the Japs were being mobilized somewhere west of the Jordan river. Crowds began to gather to discuss the situation and all kinds of farewells and leave-takings were planned. It developed later that the soldiers were going to a church which was to be the scene of a nuptial event that evening, bearing the flags and guidons for the military decorations thereof.

The McCune home on North Main street, which is one of the best, if not the best, adapted in the city for entertaining, will be thrown open on Tuesday evening for the first time in some years for a dancing party to be given by Miss Beth McCune and her brother, M. M. McCune.

## HEALTHY HAIR FOR ALL BY USING

## NEWBRO'S HERPICIDE

It is now possible for everyone to have healthy and rich looking hair, by using Newbro's Herpicide, the ORIGINAL remedy that "kills the dandruff germ."

The presence of the dandruff germ in the scalp causes first, dull, brittle and lusterless hair, with later, dandruff, itching scalp and falling hair. All of these disagreeable symptoms will disappear and the hair grow as nature intended if the dandruff germ is destroyed and kept out of the scalp. Don't wait for chronic baldness, for it is incurable.

FOR HOT WEATHER—On account of its antiseptic and purifying action, Herpicide is an absolute necessity during the summer months. Dried sebaceous matter, perspiration and other impurities thrown out by the sweat glands clog up the pores of the scalp and offers an inviting field for microbe development. Herpicide opens the pores of the scalp and keeps it clean, pure and wholesome. It relieves prickly heat and stops itching of the scalp instantly.

"I cannot speak too highly of Newbro's Herpicide. It keeps my hair and scalp in excellent condition." (Signed)—MRS. NETTIE KARBACH.
